Abstraction III Collection

The collection alludes to the inner world of humans, the harmony of colors and shapes that form the thoughts giving voice to the imagination.

This new series of drawings enriches and continues the Abstraction collection, adding color tones, textures, and nuances, returned by the geometries and sometimes by the different heights of the pile.

Objects, furniture, and light, together with the carpet, become part of a coherent syntax in which the recombination of multiple visual and tactile elements creates harmony.
