Abstraction Collection

The collection is based on the ideas of abstractionism and the globalization of forms. Instead of transmitting a simplified spot of some form, various techniques of combining spots are used, finding and creating new “conversations” between form, geometry and color proportion.

At the heart of the concept is the creation of a carpet as an item that makes the interior more fascinating and relevant, generates a light and pleasant mood in the space, and establishes its own code for the interior with the carpet. A rug from the Abstraction collection is an excellent choice for a person seeking for individuality, shape along with novelty, and color in their home.
